NCBI NEWS & UPCOMING EVENTS

March 2025

Thank you everyone for your generous contribution to NCBI Monterey County during the Monterey County Gives! 2024 Campaign!!!

**NCBI Monterey County had over 50 donors and raised almost \$6,000!!!
A special thank you to you all for choosing to make a difference in your community through your donation!**

These funds will support NCBI Monterey County's "Empowering Leaders to Foster Inclusive Communities." Participants will gain insight in conflict resolution strategies to use in schools, the workplace, and other institutions, that protect the values of diverse community members. Participants will practice scenarios to encourage diverse perspectives and learn steps that eliminate impediments to fostering an inclusive space. By also addressing intersectionality, community leaders will better understand how to create safe spaces for those with various overlapping identities. Participants will be encouraged to take leadership roles to create more welcoming communities. Workshops will be held twice a year,

directly addressing specific topics and incidents of concern to participants. Training and empowering leaders to foster inclusive communities is vital and more important than ever.
